maria gilbert and ken evans have given us a beautifully written and richly illustrated account of psychotherapy supervision providing clear guidelines for effective clinical supervision the book describes and vividly illustrates how the supervisor monitors instructs models consults and supports the supervisee all within the context of respect and empathy marvin r goldfried ph d state university of new york at stony brook stony brook new york usa don t read this book if you have a well worked out pre determined model of supervision that you don t want to change it will only distract and challenge you if you would like to review your model of supervision on the other hand update it in the light of modern scholarship and insights open it to manufactured uncertainty so as to adapt it to the contemporary issues of the day then it s a must for you

it's a book of tomorrow in the light of the best of yesterday and indisputably for today michael carroll ph d chartered counselling psychologist and bac fellow gilbert and evans book is sure to become a key text in the area of psychotherapy supervision from an integrative perspective the authors reveal an extensive knowledge of the work of other experts in the field and a deep understanding of how this knowledge may be translated into practice gilbert and evans draw much needed attention to the often neglected aspect of the contexts within which supervision takes place their focus on the multi cultural aspects of supervision and their advocacy for anti oppressive practices is of note very accessible and highly recommended to beginning supervisees and seasoned supervisors alike this book will make a substantial contribution to the field for a long time to come gillian straker professor of psychology at the university of sydney what are the primary goals of clinical supervision what is the basis for ethical decision making in supervision how can anti oppressive practice be embedded in the training of supervisors this book presents an integrative relational model for psychotherapy supervision the focus is on the primacy of the relationship both in psychotherapy and in supervision this is one of the few books in the field of supervision to focus exclusively and in depth on issues in clinical supervision it provides an integrative relational model of supervision drawing on developmental theory that is applicable to the fields of psychotherapy counselling and clinical and counselling psychology the authors believe that this integrative framework for supervision will be of use to supervisors of pure form approaches as well as to those supervisors involved in cross orientation supervision since its main focus is on the quality of the supervisory alliance psychotherapy supervision contains a balance of theoretical material examples of in vivo supervision and a discussion of techniques the book presents some interesting and innovative material on ethical decision making and on anti oppressive practice in training organisations the authors illustrate their material with frequent examples of supervision from their own practice to show the reader the model in action the book is aimed at supervisors of counsellors psychotherapists and psychologists at all levels

at over 700 pages and with more than 100 contributions this fourth edition brings together the essentials of counselling and psychotherapy theory research skills and practice including new content on assessment theory applications and settings and with new chapter overviews and summaries this continues to be the most comprehensive and accessible guide to the field for trainees or experienced practitioners

if you're seeking a comprehensive current and accessible guide to psychotherapy supervision consult psychotherapy supervision theory research and practice 2nd edition the anticipated revision of the original best seller understand theory models of supervision therapy specific advice procedures special populations research professional and intercultural

concerns and power relations unique to the supervisory relationship written by experienced supervisors the in depth information in this book is clear and comprehensive and it will prepare you to be able to work with a variety of clients in a multiplicity of environments

this leading resource is an empirically based socioculturally attuned and learner friendly text on the cutting edge of couple and family therapy supervision the revised third edition provides emerging supervisors with the conceptual and pragmatic tools to engage a new wave of therapists helping them move forward together into a world of highly systemic relational developmental and integrative supervision and clinical practice chapters are redesigned to align with the aamft supervision course the gold standard for couple and family therapists the authors discuss major supervision models and approaches evaluation ethical and legal issues and therapist development this new edition features literature updates and addresses socioculturally attuned systemic supervision in each chapter it also includes a new chapter entirely devoted to contextual factors that include attunement to race gender sexual orientation and culture as well as new coverage of telehealth for therapy and supervision filled with discussions and exercises to engage readers throughout this practical text helps emerging therapists feel grounded in their knowledge develop their own personal voice and meet the needs of modern therapy clients the book is intended for developing and experienced clinicians and supervisors intent on acquiring up to date and forward looking systemic cft supervisory mastery

supervising counsellors is a practical and insightful guide to the responsibilities facing all those involved in supervising practitioners and trainees drawing together contributions and new research from those at the forefront of supervisory practice this book makes essential reading for both qualified and trainee supervisors part one defines the supervisor's clinical legal and ethical responsibilities and clearly sets out the law and professional codes relating to supervision part two examines issues that arise for supervisors working in different contexts organizations training primary care and some of the wider issues concerning supervision and highlights in particular the expectations of supervisees and the role of supervisors in ensuring that clients are not discriminated against

might be used by supervision researchers and practitioners clinical supervisors

there is without doubt a great need for a practical and theoretical framework through which supervisors primarily but also supervisees can negotiate the relationship of supervision this invaluable resource book gives a brief overview of the history

of supervision and its importance in initial and ongoing counselling training reviewing both the british and us literature and brings together contemporary themes and debates within supervision the author presents his own linear model of supervision connecting goals functions and tasks and presents and analyses the seven tasks of supervision a model for the management of the supervisory process is then discussed outlining a five stage chronology of the steps through which a supervisory relationship travels importantly the organizational dimension of supervision is studied in detail and a number of supervisory formats individual peer group and team are evaluated the concluding chapter on ethics is an attempt to offer a model of ethical decision making applicable to both counselling and supervision it reviews in some detail the various responsibilities of supervisors an appendix includes the revised code of ethics and practice for supervisors from bac book jacket title summary field provided by blackwell north america inc all rights reserved

clearly and sensitively this book explores the problem of sexual exploitation in counselling and therapy janice russell addresses the issues surrounding this emotive subject and offers models of practice designed to heighten awareness and contribute to the development of preventive strategies the first part of the book discusses the different dimensions of sexually exploitative practice overviewing contexts and concepts and examining the effects of sexual exploitation on clients the author focuses on practitioners in their particular settings looking at sexuality and power and how these are relevant within the therapeutic process russell draws on her own research with clients relating her analysis to clients own ac

insight or the acquisition of a new understanding is recognized as an important vehicle of change across a variety of theoretical approaches in psychotherapy the contributors to this book delineate and integrate what is currently known about insight and discuss new directions that could help clinicians and researchers better understand this rich and complex process

the book is written in such a way as to challenge and educate through the use of exercises scenarios and activities something it does rather well a well written practical and informative publication of value to supervisees supervisors and all those involved in counsellor and supervisor training counselling psychology review this book argues that the social context is important for the individual client supervisee and supervisor as is the context in which the work and supervision are done it is a clear well written and enjoyable book containing helpful information for both supervisees and supervisors transformations the pcjr journal there is an increasing awareness of the impact of individual factors on therapeutic work both with clients and with their counsellors in supervision but the influence of social contexts on this work has been less

clearly articulated this book provides counsellors with practical information about supervising specific types of clients and in specific organizational settings part one addresses four essential aspects of the individual race gender disability and sexual orientation exploring their influence on the therapeutic relationship and the supervision of trainee and experienced counsellors part two assesses the impact of the organizations where counselling takes place how different kinds of settings affect work with clients and thus the work of supervision by highlighting context as a potential source of difficulty for the client the book encourages trainees and supervisors to look beyond the individual and avoid placing the burden of responsibility for problems upon the client

for undergraduate and graduate courses in counseling ethics legal issues in counseling a supplement for introduction to counseling practicum or internship courses from two leading scholars in the field of counseling and written specifically for the future practicing counselor this comprehensive volume offers an in depth examination of the counseling profession the authors approach each professional issue in counseling from both an ethical and a legal point of view offering readers a complete integrated exploration of all facets difficult issues are addressed in a straightforward manner and practical realistic advice is proffered through vignettes that showcase typical situations and dilemmas faced by practicing counselors

school counseling is a rather specialized field yet students entering it do not have a single comprehensive resource to guide them through the process this text covers all aspects of the practicum and internship experience from the initial contact with your supervisor to detailed descriptions of each of the different roles you will have and will help you gain an understanding of the school culture and how to begin thinking about and developing your own philosophy of school counseling specific topics covered include popular counseling theories used by school counselors working with special populations of students application of the asca ethical standards the administration of day to day tasks such as arranging an office space and managing your time and elements of the guidance curriculum including individual student planning responsive services and systemic support each chapter contains activities case studies hypothetical situations and worksheets designed to facilitate your understanding of and role in the profession all material presented is consistent with both the cacrep accreditation standards and the american school counseling association s national model r
