amidst political upheaval and the decline of the ottoman empire the state of kuwait emerged as an independent country under british protection in 1899 with sheikh mubarak al sabah widely accredited as the instrument of its foundation but the path to power for mubarak was not a simple or smooth one the author here presents an original perspective on the difficulties and controversies surrounding mubarak s ascension with unparalleled insights and access to original sources she reveals the life personality and politics of a man who determined to secure a distinctive kuwaiti state helped to shape the modern middle east this biography provides a comprehensive overview of a time of significant political and social change in the gulf when development diplomacy economics finance and trade were both routes to political independence and the perpetuation of british domination remembered for his unyielding determination to boost the profile and wealth of kuwait and establish his leadership at a turbulent time of regional war mubarak engineered major change for kuwait from the negotiations of the 1899 anglo kuwait agreement during which mubarak sought to outfox lord curzon and other british officials to his ambitions to tame tribal politics the author here presents a unique portrait of the man who transformed kuwait from an ottoman sub province to an independent state

mubarak al sabah took control of his tiny state in 1896 just as the ottoman empire seemed on the point of swallowing it up he then played for time by manipulating the indecision and venality of the ottoman system at the same time he managed to kindle a hesitant british interest in kuwait doing so by deftly exploiting a rivalry among european powers that was fuelled by speculation over kuwait s strategic importance as the possible terminus of a railway conceived as the vital link in rapid communication between europe and india

this is a critical history of the reign of sheikh mubarak al sabah widely regarded as the founder of modern kuwait the author discusses the sheikh s seizure of power and the nature of his involvement in tribal politics

sheikh mubarak was the founder of the modern state of kuwait but the man who actually led kuwait to modernity was his son abdullah mubarak al sabah one of the most significant figures of kuwait from the 1940s to kuwaiti independence in 1961 largely responsible for the creation of the kuwaiti defence forces abdullah mubarak al sabah made a point of prioritising what he saw to be kuwait s national interests in the face of british american and iranian pressures during a crucial period of change he developed carefully crafted cautious relations with foreign oil companies and secured kuwait s economic standing through his driven and

single minded policies the author here presents this part biography part history of modern kuwait with fresh new research and insights from america s drive to build stronger connections in the region in the 1950s when both the cold war and arab nationalisms were in full play to sensitive diplomatic issues such as water border disputes and difficult interactions with iraq especially following the 1958 revolution of abd al karim qasim the author examines kuwait s relations with its neighbours and the west and the role played by this pivotal figure in the country s history and development this book makes a significant contribution to understanding the complex politics of modern kuwait and the recent history of the gulf states

making at state the building of a nation social development and the outside world economic development regional relations and the employment of political resources the international struggle for kuwait

the tiny country of kuwait grabbed the world s attention during the gulf war during which its natural petroleum resource became the envy of its neighboring country of iraq but kuwait s history goes back long before any oil was discovered back to mesopotamian settlements as early as 3000 bce ideal for high school students as well as general readers history of kuwait offers a comprehensive look at how such a small country could essentially rule the world with just one natural resource from sheikhdom to british protectorate to independence to invasion kuwait s history is long and rich with culture michael s casey demonstrates how this middle eastern gem has grown throughout the centuries

this book explores the contemporary history governance foreign policy political economy culture and society of kuwait it highlights the dynamics of the country putting forward both an overview of each subject covered and new research findings it begins by providing a historical understanding of state formation and goes on to examine state structure including the ruling monarchy state legitimacy and the creation of the constitution and the national assembly it considers foreign policy including the tools of diplomacy the state s regional and international approach and the factors that have formed and reformed kuwait s strategic policy in the global arena it assesses the economy including rentierism the labour market both for locals and for migrants the class system and the process of kuwaitization and it discusses kuwaiti society and national identity as well as investigates issues of women civil society youth and the bidoon minority overall the book provides a full and detailed analysis of contemporary kuwait and of the factors which are bringing about new developments

this two volume work continues the series of election data handbooks published by oup it presents a first ever compendium of electoral data for all the 62 states in asia australia and oceania from their independence to the present following the overall structure of the series an initial comparative introduction on elections and electoral systems is followed by chapters on each state in the region written by knowledgeable and renowned scholars the contributions examine the evolution of institutional and electoral arrangements and provide systematic surveys of the up to date electoral provisions and their historical development exhaustive statistics on national elections and referendums are given in each chapter together with the other books of this series elections in asia and the pacific is a highly reliable resource for historical and cross national comparisons of elections and electoral systems world wide the first volume of elections in asia and the pacific includes a total of 32 independent states situated in the three western regions of the asian continent the countries of the middle east including turkey the post soviet states of central asia and the caucasus and the countries situated in south asia including afghanistan and myanmar

now in its 149th edition the statesman s yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world covering political economic social and cultural aspects the yearbook is also available online for subscribing institutions statesmansyearbook.com
